PRESIDENT'S REPORT

For thirty-five years, I've had the pleasure of working at Seminole State College. In that time, I've seen so many changes in the technology we use, I've taken pride in the buildings we've constructed, and I've weathered my share of trends. But one thing remains steadfast: our team puts students first in everything they do.

In the past year, we've created a Diversity, Equity and Inclusion Task Force, where faculty, staff and students work together to improve the educational experience for students of every sex, ethnicity and creed.

We've taken steps to ensure students on campus feel safe with a new, state-of-the-art alert system.

We've provided a remote health-care option for full-time employees and students at no cost to individuals with last fall's telemedicine imitative.

We've installed new washing and drying machines in our dorms for student use.

We've seen our Foundation support our sports teams and community with the construction of the Brian Crawford Memorial Sports

Complex, which will serve as the home of Trojan baseball and soccer and play host to a number of tournaments. The complex also features an adaptive field for those with special needs, because when everyone can play, everyone wins.

Thanks to these changes and the hard work of our faculty and staff, we're seeing a strong boost to our enrollment. At the moment of publication, we're seeing a level of enrollment that exceeds the year before the COVID-19 pandemic affected our lives.

With the pandemic came what many have deemed the "Great Resignation." Our institution was not immune to many changes in personnel, but I'm happy to report that the churn has stabilized. We're confident in the talent of our new employees and excited to see how they'll further improve the experience of our students.

I'm also proud to say that our Board of Regents approved our proposal for a 5% salary increase for all employees this June. This is the largest across-the-board salary increase

we've had at SSC in more than two decades.

I also want to express my gratitude to the ongoing commitment and dedication to SSC by our Regents, Trustees, alumni, parents and friends.

In all my time at this College, I've never been more optimistic of its future.

As you turn the pages of this annual report — whether you're a prospective student, a community supporter or an employee — I hope you'll share in my optimism. I'm so proud of what we've accomplished in the last year and can't wait to see what comes next.

SPORTS COMPLEX

The Brian Crawford Memorial Sports Complex serves as the home of Trojan baseball and soccer. The seven-field complex includes an adaptive field for those with special needs and a state-of-art indoor training facility. The BCM Sports Complex had a soft opening in late spring with temporary occupancy, hosting various tournament play throughout the summer.

With most aspects of the complex complete in late spring, the BCM Sports Complex began to host youth sports tournaments, as well as a summer league for high school and college athletes.

Several Trustees of the Seminole State College Educational Foundation toured the Brian Crawford Memorial Sports Complex following their quarterly Board meeting on Feb. 16.

100% Online Degree Programs

SSC now offers a full suite of degree programs that can be completed fully online. These programs pair students with a Student Navigator to assist them through the admissions, enrollment and financial aid processes, creating a streamlined experience.

Small Class Sizes

SSC is committed to bringing students a more individualized educational experience. Smaller class sizes means greater connections with both classmates and instructors.

Huge Opportunities

The College offers a wide variety of online, hybrid, evening, and 8-week courses. SSC strives to meet the demands of busy schedules.

ACADEMIC AFFAIRS

Degree Programs for Every Student

SSC offers 18 transfer degree programs. These high quality programs allow students to complete their first two years of college at an affordable cost and then take their progress with them to the university of their choice.

SSC also offers five applied science associate degrees that are designed for immediate workforce entry following graduation.

TORNADO RELIEF

On the evening of May 4, Seminole was hit by an EF-2 tornado that spanned a mile wide with winds consistently reaching 125 miles per hour. Homes and downtown businesses were heavily damaged and more than 12,000 people in the region were left without power. The tornado occurred two days before the College's scheduled Commencement Ceremony. Campus leadership decided to postpone the ceremony, and lend a hand with the relief effort.

Haney Center Utilized as Red Cross Shelter

American Red Cross volunteers unloaded supplies for the relief effort outside the Enoch Kelly Haney Center on the SSC campus on May 5. The building was also used as shelter for displaced families for several weeks following the tornado.

GRADUATION 2022

Rescheduled Commencement Held at SSC

Seminole State College hosted its 2022 Commencement Exercises Saturday, June 11, at the Enoch Kelly Haney Center. The ceremony was rescheduled from early May. Plans for the May 6 graduation ceremony were canceled due to issues related to the tornadoes that hit Seminole and the subsequent power outages throughout the community.

SSC held pinning ceremonies in both the fall and spring semesters for nursing students meeting degree requirements. On Dec. 9, 19 students graduated from the program, and, on May 23, 22 students graduated. The spring semester marked the 50th year the College has offered the program. Since 1972, 1018 nurses have launched their careers at SSC.

Talent Search Program Awarded 3.3 Million in Federal Grants

The U.S. Department of Education awarded the Seminole State College Talent Search Program two grants totaling approximately \$3,329,000. The grant application

process was spearheaded by Talent Search Director Mary Ann Hill. The Talent Search Program identifies qualified high school and middle school students with potential

for education at the postsecondary level and encourages them to complete high school and pursue higher education.

GRANT

NASNTI Program Awarded 2.25 Million in Federal Grants

The U.S. Department of Education awarded the Seminole State College Native American-Serving Nontribal Institutions program \$2.25 million in a new grant.

NASNTI will receive \$450,000 annually for the next five years. The grant program plans to expand SSC's accessibility for disabled students, deepen the College's com-

puter science course offerings and extend support for Native American students.

SSC Upward Bound Students Visit New York

Students involved in Seminole State College's Upward Bound program returned from a trip to New York City in August. The 16 students who participated in the

trip graduated from high school in May. Throughout the visit, students engaged in cultural and academic learning activities, alongside tours of many notable attractions

in New York City. Students toured Columbia University, New York University, the Intrepid Sea, Air, and Space Museum, Times Square and Central Park.

PROGRAMS

Student Support Services Hosts Diversity, Equity and Inclusion Events

In the fall, SSC launched a Diversity, Equity and Inclusion Task Force, comprised of President Reynolds, faculty, staff and students. Student Support Services

and STEM Student Support Services, two federal grant programs hosted by SSC, sponsored a week of Diversity, Equity, and Inclusion events to support goals of the

Task Force and the grant programs in November. The events included two featured speakers, and an LGBTQ+IA panel discussion.
