

Advanced Placement Program (APP)

Administered by the College Entrance Examination Board

This program allows high school students to take examinations for credit at the college level. High school counselors will assist students with testing arrangements. The following is a list of AP examinations for which SSC awards credit, and the credit awarded for various scores received. AP scores of 1 and 2 are not acceptable for credit. The various courses listed in columns under scores are SSC courses, and the last digit in each course number indicates the number of semester hours earned when a student is awarded credit for the course. All other questions concerning AP exam credit may be addressed to the SSC Chief Academic Officer.
