National Foundation Seeks Community College Scholarship Applicants

The Jack Kent Cooke Foundation has opened the nominations process for the largest scholarships available to students and recent alumni from community colleges. Through the initiative, called the Undergraduate Transfer Scholarship Program, the private foundation will award up to \$30,000 annually per recipient to help students and recent alumni from community and two-year institutions pursue four-year degrees at any accredited college or university in the United States and abroad. Last year, the Foundation received nearly 8000 nominations from these awards.

While 45 percent of all college students in the U.S. attend community colleges, few private funds are available to help these students transfer to four-year institutions, in spite of their high levels of ability and need. The Jack Kent Cooke Foundation scholarships can provide funding for tuition, room and board, required fees, and books for the length of the undergraduate degree, generally tow years. Each award can total up to \$30,000 annually, though the amounts will vary based on such factors as the cost of the institution each recipient attends.

The Foundation plans to award approximately 30 scholarships through this program in spring, 2006 for the use during the 2006-2007 academic year. It will renew each award in subsequent years based upon student performance. Current students are eligible, as are alumni who earned a degree from a community or two-year institution since May 2001 and have not since earned bachelor's degree credits. All candidates for the scholarship must be nominated by the faculty representative at their community or two-year institution. The deadline for SSC nominations is Dec 1, 2005. For more information, contact SSC's faculty representative, Jessica Isaacs, at (405) 382-9209 or by e-mail at Isaacs_j@sscok.edu.

SSC Regents Hold October Meeting

The Seminole State College Board of Regents convened Wednesday for their October meeting to discuss the College's external audit, a lease agreement with the Oklahoma Capital Improvement Authority, and action regarding the SSC Educational Foundation's work to establish a business incubator.

During the president's report to the Board, Dr. Jim Utterback updated the Regents on the College's Washington D.C. activities and campus events.

Utterback informed the Regents of a recent trip to Washington D.C. by College officials. Utterback, joined by SSC Vice President for Institutional Advancement Lana Reynolds and SSC Educational Foundation Rural Business and Resources Center Coordinator Leslie Daugherty, met with members of the Oklahoma Congressional Delegation. The group also hosted a reception for Congressional staff members that was attended by Rural Enterprises Inc., and Oklahoma State Chamber staff members.

The president then informed the Board of several recent campus activities, including SSC's Constitution Day observance, Student Government elections, a Regional Economic Develop-

ment Breakfast, plans for the Oklahoma State Regents for Higher Education to host their October meeting on the SSC campus. He also updated the Board plans to build a new residence hall, and goals and the legislative agenda for the statewide President's Council. At the conclusion of the President's Report, Utterback congratulated Vice President for Fiscal Affairs Katherine Benton for recently being named Seminole County Business and Professional Women's "Woman of the Year."

Next the Regents approved the FY05 external audit report by Carlson and Cottrell, C.P.A., of Shawnee. Utterback informed the Board that one finding of the audit was the need to meet a special federal match to the Oklahoma Teacher's Retirement System for persons paid with federal grant funds. Utterback told the Board that the College has spoken with the Executive Secretary of OTR and procedures have been put in place to accurately handle this match payment in the future. The annual external audit will be submitted to the Oklahoma State Regents for Higher Education later this month. Roger Nansel, Chair of the Board's Audit Committee, commented that the five consistent unqualified, or clean,

audits received by the College reflected well on the College's accounting staff and procedures.

In the next order of business, the Board authorized a lease/lease-back agreement between the College and the Oklahoma Capital Improvement Authority. This is a routine matter required in the process of acquiring state bond money.

Next, Utterback updated the Board on the Seminole State College Educational Foundation's progress on efforts to establish a business incubator. Utterback informed the Board of plans by the SSC Building sub-committee and the Executive Committee of the Foundation to purchase and remodel an existing facility off campus for the business incubator. The Board endorsed the action.

On the Consent Agenda, the Regents accepted the 2006 Academic Plan and a program modification to require a freshmen orientation course.

SSC Board members present at the October meeting were: Derrill Cody, David Wilson, William Harrison, Jr., Roger Nansel, Jon Flowers, Bill Huser and Marci Donaho.

The next meeting is scheduled for December 15, 2005.
