Other Data Indicating Quality Relevant to Degree Program Major Field

Student Feedback on Instruction: Approximately 104 students completed the survey and the average was 4.1 overall, with some responses to individual questions scoring much higher. In regards to the technology portion the overall average was approximately 4.3. With 4 as a "usually applies" and a 5 as "almost always applies".

Graduate Exit Survey: No relevant current data available.

Collegiate Assessment of Academic Proficiency (CAAP) Test: SSC students are slightly below or almost at the national average in writing skills, reading comprehension, critical thinking, and math. While science is slightly lower, it is only 1.4 from the national average. Criminal justice careers incorporate all areas depending on their chosen career path. For example, forensic scientists utilize a tremendous amount of math and science knowledge. Police officer use math in recreating auto accidents and all criminal justice career fields write reports used in court as evidence.

Community College Survey of Student Engagement: In reviewing the CCSSE survey SSC faculty are demonstrating success with fostering Student-Faculty Interaction with a 54.2 which was only 4.1 difference with Top Performing colleges nationally and well above other cohort colleges. Encouraging students to visit faculty members in their offices to review grades, provide tutoring, and general career/educational advise is proving to be an added asset to the success of SSC and our students.

Faces of the Future Survey: No relevant current data available.

Other Quality Indicators: No relevant current data available.

3. Minimum Productivity Indicators

5. Recommendations and Other Relevant Items: Describe recommendations, new developments or initiatives pertaining to degree program.

The Criminal Justice program is in the top ten declared majors at SSC. The College would like to increase this through recruitment and by providing quality course instruction. Students have seven courses to choose from when deciding on what fifteen hours they will complete for their major courses. The College intends to develop a criminal justice internship program or utilize the criminal justice special projects course to develop student's skills in the criminal justice field.
