TRANSFER REPORTS FROM FOUR-YEAR INSTITUTIONS

Transfer reports from the primary receiving institutions provide grade point averages (GPAs) and degrees earned for students who transfer from Seminole State College. Students from SSC transfer mainly to East Central University, University of Central Oklahoma, Oklahoma University, and Oklahoma State University. At the end of the spring semester, the Coordinator of Assessment contacts representatives of these four schools requesting information pertaining to the number of graduates and the GPAs received by all SSC transfer students. Due to SSC's emphasis on preparing students to transfer, students are expected to achieve similar GPAs at the transfer institutions.

2019-20 Transfer Reports from Four-Year Institutions Results

Three of the transfer institutions responded to the request for information from SSC. Oklahoma State University had a change in software 3 years ago that appears to still be affecting their ability to quickly retrieve data. The information provided is based on data from East Central University, University of Central Oklahoma, and Oklahoma University. Mean GPAs for students who transfer from SSC to the primary receiving institution are about the same as the average GPA at the institutions who reported data, having a difference from -0.01 to 0.12. SSC students complete courses successfully at a rate of 89.83%.

2019-20 Transfer Reports from Four-Year Institutions Analysis

Mean GPAs for students who transfer from SSC to the primary receiving institutions are about the same when compared to the overall GPA for students at those reporting institutions. With an 89.8% completion

rate for SSC students and the former SSC students' GPA comparing well with the aggregated student body GPA at the receiving institutions, SSC transfer students seem to be performing well. Considering that many SSC students begin college unprepared, the transfer students perform well in comparison to the other students at the four-year institutions. As transfer students, the students face different issues that might affect their grades such as larger class sizes, potentially more impersonal interactions, and adjustments to new situations and settings.
