

The US Department of Education's Certification and Agreement directs each institution applying for Higher Education Emergency Relief Funds (HEERF) to comply with Section 18004(e) of the CARES Act and submit an initial report (the "30-day Fund Report") to the Secretary thirty (30) days from the date of the institution's Certification and Agreement to the Department. In addition to reporting to the Secretary, each HEERF participating institution must post the information listed below on the institution's primary website. The Department would like to receive the most current information from the date when the institution received its allocation for emergency financial aid grants to students, and the institution should have received its allocation within a few days after submitting the Certification and Agreement. Accordingly, the following information must appear in a format and location that is easily accessible to the public every quarter after the date when the institution received its allocation under 18004(a)(1):

SSC's Certification and Agreement date: 4/15/2020

Date of first report: 5/15/2020

Date of last report: 4/10/2022

1. Seminole State College acknowledges that the institution signed and returned to the Department the Certification and Agreement and assures that the institution has used, or intends to use, no less than 50 percent of the funds received under Section 18004(a)(1) of the CARES Act to provide Emergency Financial Aid Grants to students.
2. The total amount of funds that the institution has received from the Department pursuant to the institution's Certification and Agreement for Emergency Financial Aid Grants to Students is:
 - Cares Act/HEERF I - \$581,663
 - HEERF II - \$581,663
 - ARP/HEERF III – \$2,058,277
3. The total amount of Emergency Financial Aid Grants distributed to students under Section 18004(a)(1) of the CARES Act as of the date of submission.
 - As of 5/8/2020, \$172,825 of the funds have been disbursed to students
 - As of 6/29/2020, \$317,355 of the funds have been disbursed to students
 - As of 8/13/2020, \$394,900 of the funds have been disbursed to students

6. The method(s) used by the institution to determine which students receive Emergency Financial Aid Grants and how much they would receive under Section 18004(a)(1) of the CARES Act.

Seminole State College's administration took the following approaches to the disbursement of HEERF I.

- A. SSC students who had been employed (not federal work study students) by SSC prior to the closure of campus due to the COVID-19 pandemic were identified as a group who fit the criteria to receive Emergency Financial Aid Grants. While the grants awarded to them are not a replacement of wages, the set amount awarded to them is for expenses that were caused by the disruption of the pandemic.
- B. It was determined that \$50,000 would be "set aside" to be awarded for the summer semester and upcoming award year based on need. An application process is being developed and will be overseen by a committee of seven (7) campus leaders.
- C. Any SSC student who was actively enrolled in at least one face-to-face Spring 2020 course as of March 23, 2020 was made eligible for a grant in the amount of \$45 per enrolled credit hour between 3 – 15 credit hours. To receive the funds, each student had to meet 3 eligibility components:

- i. Basic Title IV eligibility – established by completing a FAFSA or by completing a CARES Act Self-certification application made available through the SSC online student portal
- ii. Document the student had a disruption due to the COVID-19 pandemic – established by completing a CARES Act funding application made available through the SSC online student portal
- iii. Document the student would apply the funds to eligible expenses under a student’s cost of attendance such as food, housing, course materials, technology, health care, and childcare - established by completing a CARES Act funding application made available through the SSC online student portal

The students were given until June 30, 2020 to complete the FAFSA and/or applications. Upon completion, the students were awarded the funds. The first disbursement of funds to students, who had completed the requirements, was made 5 business days after the information was sent to students. SSC has scheduled subsequent disbursements approximately every two weeks to disburse funds to students as they complete their documents.

Any funds unclaimed will be added to the funding mentioned in section B.

- D. Any SSC student who was actively enrolled in at least one Fall 2020 course was eligible to apply for additional HEERF I grant. To receive the funds, each student had to submit an application to document their need for additional pandemic related expenses. The application was made available to all students via student email and by being posted on the SSC website. Additionally, students could submit their application electronically or in person. A committee comprised of campus representatives reviewed each application anonymously and objectively determined the amounts of each award based on the information submitted.

Seminole State College’s administration took the following approaches to the disbursement of HEERF II.

- A. Any SSC student who was actively enrolled in at least one Spring 2021 course was eligible for a HEERF II grant. To give priority to low-income students, it was determined to pay Pell eligible students in the amount of \$50 per enrolled credit hour and non-Pell students in the amount of \$40 per credit hour. To receive the funds, each student had to complete an electronic, three question application:
 - i. Verified U.S. Citizenship
 - ii. Confirmed the category in which they experienced the most increase due to Covid-19 pandemic
 - iii. Students chose to have funds paid directly to them or through their SSC student account

Seminole State College's administration took the following approaches to the disbursement of HEERF III/ARP.

- A. Any SSC student who was actively enrolled in at least one Fall 2021 course was eligible for a HEERF III grant. To give priority to low-income students, it was determined to pay Pell eligible students in the amount of \$100 per enrolled credit hour and non-Pell students in the amount of \$75 per credit hour. To receive the funds, each student had to complete an electronic, three question application:
 - i. Confirmed SSC Student ID number
 - ii. Confirmed the category in which they experienced the most increase due to Covid-19 pandemic
 - iii. Students chose to have funds paid directly to them or through their SSC student account
 - B. Any student who was actively enrolled in at least one Spring 2022 course and completed the HEERF Application in the Fall 2021 semester was eligible for disbursement number two of the HEERF III grant. To give priority to low-income students, it was determined to pay Pell eligible students in the amount of \$100 per enrolled credit hour and non-Pell students in the amount of \$75 per credit hour. Students were not required to complete the application process again for the second disbursement, since they completed it in the Fall 2021.
 - C. After the Spring 2022 disbursement was made to returning students, the HEERF Application was opened to new Spring 2022 students or anyone who may have not received funds in the Fall 2021. Any SSC student who was actively enrolled in at least one Spring 2022 course was eligible to apply for a HEERF III grant. To give priority to low-income students, it was determined to pay Pell eligible students in the amount of \$100 per enrolled credit hour and non-Pell students in the amount of \$75 per credit hour. With the limited amount of funds, the awards were given on a first come first serve basis. To receive the funds, each student had to complete an electronic, three question application:
 - i. Confirmed SSC Student ID number
 - ii. Confirmed the category in which they experienced the most increase due to Covid-19 pandemic
 - iii. Students chose to have funds paid directly to them or through their SSC student account
7. Any instructions, directions, or guidance provided by the institution to students concerning the Emergency Financial Aid Grants.

A webpage was created on the Seminole State website to serve as a point of information for all students.
