

SEMINOLE STATE COLLEGE

YEAR IN REVIEW
2019

Empowering people for academic success, personal development and lifelong learning.

LETTER FROM THE PRESIDENT

January 21, 2020

Dear Friends,

As we rolled into a new year, and a new decade, there were a number of newspaper articles, television programs and social media posts reflecting on the past. Looking back at what has happened always gives us some perspective on our history, and sometimes helps us plan and prepare for the future.

This document highlights the news, activities and accomplishments of 2019 at Seminole State College. It gives us a quick monthly review of the headlines of the year, along with capturing a few special moments with photographs.

The opening of the publication highlights three major “Stories of the Year” – the groundbreaking for our new sports complex, the ribbon cutting on the SSC Food Pantry and Help Center, and our ongoing preparations for the February, 2020 Higher Learning Commission accreditation visit. These stories truly reflect what I believe we consider important on this campus.

We are connected to our community and excited to celebrate the success of our sports programs and provide an economic boost to our area through the development of the new Brian Crawford Sports Complex. Opening the Food Pantry and Help Center demonstrates our commitment to take care of the needs of our students. And, of course, ensuring the academic accreditation of our institution is critical to our ability to provide a quality education and degree programs for our students. What you will read in the following pages underscores our efforts to support the College’s mission to empower people for academic success, personal development and lifelong learning.

Thank you for your role as a Regent, Foundation Trustee, employee, student or community supporter in making 2019 a great year at Seminole State College. I look forward to working with you in 2020 in continuing to help individuals change their lives through education and to improving our institution and the communities we serve.

Best wishes to all!

Lana Reynolds
SSC President
