

June 2026

Meet SSC Esports Coach: **Colin 'SILVER' Cummings**

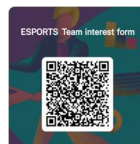

Welcome Colin 'Silver' Cummings the new Esports Coach at Seminole State College! With more than six years of experience as both a competitive player and coach, Colin helped establish Crescent High School's Esports Program before continuing his career at Oklahoma City University, where he served as President of the Student Leadership Team. During his time at OCU, he contributed to an OACE Championship victory and multiple NACE and NECC playoff appearances. Now at Seminole State College, Colin is focused on building a competitive and successful Esports Program while creating opportunities for student growth, leadership, and teamwork.

NASNTI Partners with campus programs for Summer Esport Activities

SSC NASNTI will be partnering with Trio Grants and other departments to have several Esports events on campus. During the month of June, the second annual **Esports HACK-A-THON** will take place with students in the Upward Bound program. Also in June, NASNTI will work alongside the Business and Industry department for **Kids on Campus** Summer Camp. Students will learn different concepts in gaming. In July, NASNTI will have three (3) workshops with rising 7th and 8th grade students in Gear UP. The students will learn about different career opportunities in Esports. Students will also have an opportunity to create "**A Game for Good**" and the best game will be awarded.

SSC '07 Graduate and Battle of the Big Screen Founder & CEO Chris Brannon to facilitate Live Streaming Workshop

A lifelong resident of Shawnee, Chris Brannon began a career in technology after graduating from Seminole State College in 2007 with an Associates in Computer Science. His creative journey started in videography and photography, producing music videos and wedding films before founding Rook's Digital in 2013. In 2015, he continued expanding his expertise in digital media through studies at Gordon Cooper Technology Center. After balancing a decade-long career at Enviro while growing his creative business on the side, he launched BOTBS near the end of the COVID era. Today, he speaks on entrepreneurship, creativity, digital media, and building something meaningful from the ground up.

NASNTI is 100% federally funded in the amount of \$450,000 annually.
